

simulation::compute
_density

```
graph LR; A[simulation::compute_density] --> B[Vector::normSquared]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'simulation::compute' on the top line and '_density' on the bottom line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Vector::normSquared'.

Vector::normSquared
